

MUUG Meeting

The Manitoba UNIX User Group

Date: Tuesday, June 12th, 2018

Time: 7:30pm

Topic: Perl PDF::Reuse

Brad Vokey will give a brief demonstration of how to mass produce similar (but not identical) PDF documents in Perl by re-using a starting PDF file as a template. Perl::Reuse is very fast, and gives you the capacity to produce many PDF pages per second creating very big PDF documents if necessary.

RTFM: Pioneer

Pioneer - A game of lonely space adventure - will be demonstrated by Trevor Cordes. Not just a game, Pioneer is a full-blown space simulator with realistic Newtonian physics. After you figure out how to not crash into planets or overshoot space stations by mega-kms; explore the planets and other star systems, work as a trader to make a few bucks, or arm up and become a pirate or assassin. Beautiful spacescapes make this a demo worth seeing!

Location: 1M28 Manitoba Hall
(from April to June),
University of Winnipeg
(Entrance off Ellice Ave., between Spence St. & Balmoral St.)

Meetings are held in the University of Winnipeg's Manitoba Hall (marked "M" on the map). Entrance is on Ellice Avenue, between Spence and Balmoral St. We are now meeting in the east end of campus in room 1M28, 1st floor, Manitoba Hall. Look for a sign on the door. Doors are usually open by 7:00 pm with the meeting starting at 7:30 pm.

Parking is available on the surrounding streets. Please see <http://www.uwinnipeg.ca/maps> for further information about parking and access to the campus.
